* Wall Units Available		

Secure - Interior stainless steel locking bar, thousands of different key codes, opens only for your pets, tough & shatter resistant panel, won't interfere with home security system.

Energy Efficient - No gaps for air infiltration, saves you money.

Pet/Child Safe - Won't close when obstructed, won't free fall.

Dependable - Runs on household current, collar key is waterproof and doesn't need batteries, collar key fastens securely to collar and won't fall off; interior mounted motor won't freeze up in cold.

Durable - Steel and hardened aluminum frame, thick acrylic, and wall units include stainless steel mounting hardware for years of service. No unsightly rust streaks on your home.

Easy to Use - One touch programming to add or change collar codes quickly and simply; collar key snaps on easily and stays on.

Wall Unit - Made of all aluminum and stainless steel for years of service.

Colors - White and bronze baked on finish.

Each Plexidor® Electronic Pet Door comes with 2 Collar Keys. Extra Keys Available.

Plexidor® Options & Accessories

Plexidor® Pet Door Panels with Bite Trim Option

Lock Side

They fit into your existing Plexidor® frame, and they protect your pet door. Problem solved without giving up any energy efficiency or quiet operation!

Available in size medium and large. Two panels per door: one lock side panel and one standard panel.

Replacement Panels:

- PD RPAN TRM MD 5 LOC (lock side)
- PD RPAN TRM MD 5 (standard)
- PD RPAN TRM LG 5 LOC (lock side)
- PD RPAN TRM LG 5 (standard)

Add-On Trim to NEW Door:

- PD TRIM 3 SIDE

Plexidor® Pet Door Slide-In Security Plate Track Option

Aluminum Track

This new option is for those who want to slide in the steel Plexidor® Security Plate each day. Track pieces are strong, durable aluminum, just like the rest of the Plexidor® frame. And the track pieces come in all the available frame colors.

- PD SLIDE TRK MD (SV, WH, BR)
- PD SLIDE TRK LG (SV, WH, BR)
- PD SLIDE TRK XL (SV, WH, BR)

Plexidor® Pet Door Awning

Stop Wind, Rain & Sun!

This attractive and durable pet door awning is made of aluminum with a white baked on finish that will last for years.

- AWNING WH 23 1/4" deep by 16 5/8" wide
